HISTORY

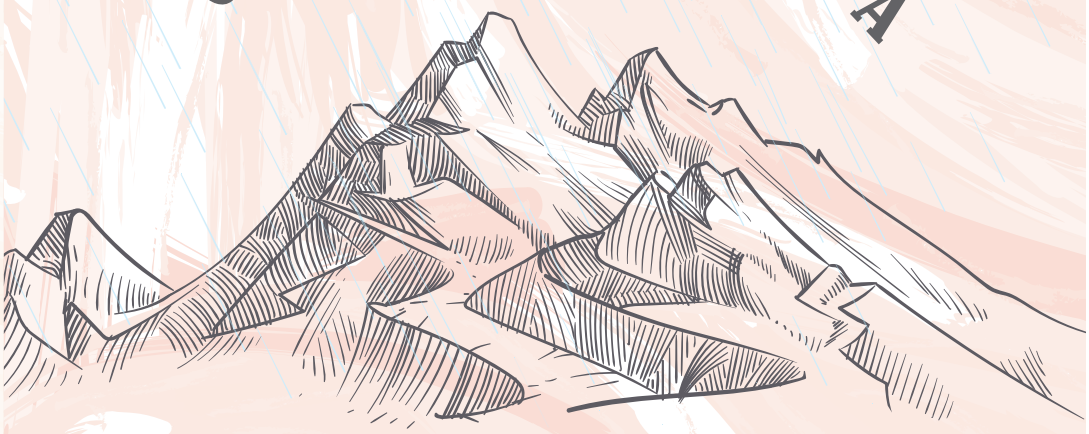
GALVANINA, *THE ORIGINS OF A WORLD-CLASS SPRING*

Galvanina has an ancient and fascinating history. Situated on the slopes of Paradise Hill, where ancient Roman baths once stood, Galvanina takes its name from the eponymous mineral water spring. It is here that a centuries-long journey began through the territory of **Rimini**

THE RENAISSANCE, GIORGIO VASARI AND THE SYMBOL OF GALVANINA

The coat of arms that is the symbol of Galvanina is that of the noble family that once owned the mineral water spring. It is carved on a monumental, 16th-century fountain and according to tradition, was designed by the great Italian painter, architect and art historian Giorgio Vasari.

GALVANINA



What is it that makes the products of Galvanina so special?

Their peculiarity comes from the famous natural mineral water Galvanina used for their preparation. From a natural source in the Apennines passes through the Italian subsoil for months until it ends on the hill of Rimini where it is bottled. In this famous journey wins all those elements of nature that make it simply unique!

Without artificial colors and perfumes, without preservatives and with materials that come from organic farming is well characterized as the “aristocracy” of soft drinks.

Organic Certification

The search and selection of raw materials and the production and processing methods we use follow the international standards.

In parallel, we have developed a number of important measures that have already allowed us to receive all major global certifications.
